Smith' s bible dictionary apk

Smith's Bible Dictionary, 1863 Sir William Smith. Smith's Bible Dictionary, originally named the Bible Dictionary, is a 19th-century Bible dictionary containing four thousand entries named after its editor, William Smith. Its popularity is such that the condensate dictionary usurps the title, Smith's Bible Dictionary. The original dictionary was published as three collections set in 1863, in London and Boston, USA. This was followed by A Concise Dictionary of the Bible (1865), for readers and students in general, and A Smaller Dictionary of the Bible (1866), for use in schools. A comprehensive bible dictionary (1868), which was published simultaneously in London and New York, and a four-episode Bible dictionary (1871), was published in Boston, among other things combining the appendix of the first edition into the main body of writing. In the United Kingdom, a corresponding second edition of the first of two parts, edited by Smith and J.M. Fuller, was published in 1893. The original publications are now in the public domain; some derivative, commercial versions are still copyrighted. Famous contributors to the dictionary include Harold Browne, bishop of Ely; Charles J. Ellicott, bishop of Gloucester and Bristol; and the Cambridge scholars J.B. Lightfoot, William W. Selwyn, and Brooke Foss Westcott, who later became bishops of Durham. One of the contributors to the Americans was George Edward Post, a medical doctor and plantist (of the University of Beirut (AUB)). [1] A Dictionary of the Bible, edited by William Smith (3 episodes: London, John Murray, 1863). A Concise Dictionary of the Bible, edited by William Smith (London, John Murray, 1865). A Smaller Dictionary of the Bible, edited by William Smith (London, John Murray, 1866). A comprehensive dictionary of the Bible, edited by Samuel Barnum (New York, Appleton; London, Little Britain, 1868). Bible Dictionary, edited by H.B. Hackett (4 episodes: New York, Hurd and Houghton, 1871). A Dictionary of the Bible, edited by William Smith and J.M. Fuller, 2nd edition (episode 1 part I, episode 1 part II: London, John Murray, 1893). The Bible Dictionary, modified and edited by pastors F. N. Peloubet and M. A. Peloubet, with the latest research and references to the Revised Version of the New Testament (Philadelphia: Porter and Coates, 1884; Res: Philadelphia: John C. Winston Co., 1948).
